

University of St Mark & St John

STUDENT CHARTER

As a student you can expect:

- 1 A safe and secure environment, free from harassment, where injustice and intolerance will be challenged
- 2 To enjoy a productive, challenging and successful learning experience in which you are supported appropriately and treated fairly and respectfully
- 3 For all programme, module and regulatory information to be easily accessible including procedures concerning appeals, complaints and misconduct
- 4 The opportunity for your voice to be heard and to influence all aspects of your university experience
- 5 Facilities that are contemporary, well designed and functional offering a supportive learning and social environment and promoting friendship, health and well-being, including access to a diverse range of recreational opportunities

Marjon will provide you with opportunities both within and beyond the curriculum to:

- 6 Enhance your employability through personal and professional development
- 7 Develop an understanding and respect for social justice and social responsibility
- 8 Develop critical and analytical attributes informed by ethical frameworks that nurture active citizenship
- 9 Utilise a range of learning resources and digital technologies promoting effective communication, creativity and social interaction
- 10 Gain the most from your period of study

Marjon expects you to:

- 11 Take responsibility in seeking advice and support if a problem arises and engage with the staff who will support you in your studies
- 12 Actively participate in the whole learning experience, including timetabled sessions, directed learning and independent study
- 13 Engage with programme related resources on-campus and off-campus, including on-line resources such as LearningSpace
- 14 Understand that a high degree of independent learning and research is part of the university learning experience and essential to achieving your potential
- 15 Participate in extra-curricular activities and opportunities that will improve personal and professional development
